**Additional Notes:**

1. All dollar amounts above are in [US Dollars].
2. **Notional Net Profit** means the notional value that can be attributed to the representative value of the net positions of your Trades for each Trading Period.
3. The **Profit Consistency Rule for the single-phase challenge applies** to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Consistency Rule: (a) if only Assessment Phase 1 (Evaluation) applies then no single trade nor all trades in a single day can account for 50% or more of your total Required Return or total Target Return. or (b) if both Assessment Phase 1 (Evaluation) and Assessment Phase 2 (Verification) applies then no single trade nor all trades in a single day can account for 50% or more of your total Required Return or total Target Return.
4. The **Profit Consistency Rule for the two-phase challenge** applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Consistency Rule: (a) if only Assessment Phase 1 (Evaluation) applies then no single trade can account for 50% or more of your total Required Return or total Target Return. or (b) if both Assessment Phase 1 (Evaluation) and Assessment Phase 2 (Verification) applies then no single trade nor all trades in a single day can account for 50% or more of your total Required Return or total Target Return. And all profitable trades in a single day cannot account for 35% or more of your total required return or total target return.
5. The **Profit Consistency Rule for the HFT Limited Edition Challenges** applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Consistency Rule: (a) if only Assessment Phase 1 (Evaluation) applies then no single trade nor all profitable trades in a single day can account for 35% or more of your total Required Return or total Target Return. or (b) if both Assessment Phase 1 (Evaluation) and Assessment Phase 2 (Verification) applies then no single trade nor all profitable trades in a single day can account for 35% or more of your total Required Return or total Target Return.
6. The **Lot Size Consistency Rule** applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Lot Size Consistency Rule your average trade size is used to calculate your trading range. The range is determined by adding 100% to your average trade size to determine the maximum value and subtracting 75% to determine the minimum value.
7. The Assessment Period and Assessment Criteria may comprise either 1 or 2 parts. If it comprises 1 part, then you must satisfy the stated Assessment Criteria within the stated Assessment Period. If it comprises 2 parts, then you must satisfy the requirements of Phase 1 (Evaluation) to be eligible to proceed to Phase 2 (Verification) and you must satisfy the requirements of Phase 2 (Verification) to satisfy the Assessment Criteria for your selected Assessment Program.

8. All Access Fees published in this Schedule of Assessment Programs and Fees are **exclusive** of relevant taxes or other statutory or regulatory costs. You are responsible for paying any such amounts and the Company may withhold or recover such amounts from you in accordance with clause 14.
9. Hedging Between Accounts Definition: Using 2 different trading accounts to open opposing trades on the same instruments with the same lot size at the same time.
10. Single trade rule applicable to volume and profit consistency rules: Regardless of how a trade is split up, it's counted as one entry. For instance, trading 1 lot or splitting it into two 0.5 lots are both considered a single trade.
11. In the event that a Trader submits a withdrawal request following the conclusion of the first month's trading activities, the subsequent applicability of rules for the following month is contingent upon the approval status of said withdrawal request by the company.

Should the Trader's withdrawal request be rejected for any reason within their discretion, the Trader shall not be subject to the rules and conditions set forth for the second month. Instead, the Trader's funded account will remain governed by the stipulations and constraints applicable at the time of the initial funding agreement.

Conversely, if the Trader's withdrawal request is approved and successfully processed, the Trader's funded account will then be subject to the rules and conditions prescribed for the ensuing month. The transition to the subsequent month's rules will only take effect upon the successful completion of the withdrawal process, thereby confirming the Trader's adherence to the risk management protocols and satisfactory performance as per the criteria set by the company.

#### **Residency Acknowledgement & Disclaimer**
